GOGUL R

960078969 gogulrajendran13@gmail.com gogul6006 gogulrajendran13-stack

Skills

Programming Languages: Java, JavaScript
Frontend Technologies: HTML5, CSS3, React
Backend Technologies: Java Servlets, JSP, JDBC, Spring
Database: MySQL, SQL
Core Concepts: OOP, DSA, Exception Handling, Collections, Multithreading

Projects

easyBuy – E-Commerce Web Application *August 2026 – October 2026*
Tech Stack: Java, JSP, Servlets, JDBC, MySQL, HTML5, CSS3, JavaScript, Apache Tomcat, Eclipse **Live**

- Developed a full-stack e-commerce application using Java, JSP, Servlets, JDBC, and MySQL, implementing user registration, login, product browsing, and product details.
- Designed responsive frontend pages using HTML5, CSS3, and JavaScript, providing shopping features including product listings, cart, and wishlist.
- Implemented backend functionality for authentication, session management, cart, wishlist, checkout, and order processing using Servlets, JDBC, and MySQL.
- Applied OOP, DAO design principles, exception handling, and SQL concepts to develop modular backend components and maintain database connectivity.

Smart Shopping Trolley – IoT-Based Automated Billing System *January 2026 – May 2026*
Tech Stack: Embedded C/C++, ESP32, RFID, HX711, Arduino IDE, SPI, I2C, Wi-Fi, HTML, JavaScript, Tailwind CSS, Razorpay

- Developed an ESP32-based shopping system using RFID (MFRC522) to identify products, update cart items, and calculate bills in real time.
- Integrated a load cell with HX711 for weight measurement and an I2C-based 16×2 LCD to display product, weight, and billing details.
- Built a Wi-Fi-enabled web interface using ESP32 WebServer, HTML, Tailwind CSS, and JavaScript to display cart items, totals, and checkout details.
- Implemented buzzer notifications for product addition, removal, and unrecognized RFID tags, with Razorpay test checkout for digital payment demonstration.

Education

B.E. Electronics and Communication Engineering 2022 – 2026
Government College of Engineering, Srirangam *Tiruchirappalli, Tamil Nadu*
CGPA: 8.0

Higher Secondary Certificate (HSC) 2021 – 2022
Sri Ramakrishna Boys Matric Higher Secondary School *Perambalur, Tamil Nadu*
Percentage: 92.1%

Secondary School Leaving Certificate (SSLC) 2019 – 2020
Sri Ramakrishna Boys Matric Higher Secondary School *Perambalur, Tamil Nadu*
Percentage: 99.2%

Experience

Java Full Stack Development Intern July 2026 – Present
TAP Academy

- Gained hands-on experience in Core Java, OOP, DSA, and Spring fundamentals through practical coding exercises.
- Developed full-stack web applications using Java, JSP, Servlets, JDBC, HTML, CSS, JavaScript, and MySQL, including CRUD operations and database integration.
- Developed EasyBuy and Smart Shopping Trolley projects, applying software development, database connectivity, and problem-solving skills.

Java Full Stack Intern July 2025 – August 2025
THE MIND IT

- Learned Java fundamentals, OOP concepts, and frontend technologies including HTML, CSS, and JavaScript.
- Gained foundational knowledge of Servlets, JSP, Spring, MySQL, JDBC, and CRUD operations.

Achievements

- Participated in the Final Level Hackathon on ADAS ECU Simulation & Testing and Embedded C and Microcontroller Programming, gaining exposure to automotive systems, Vector CANoe, CAPL scripting, ECU communication, and embedded programming.
